*Janome sewing machines will be provided in the classroom

Kit fee \$45

New threads require understanding for easy sewing. Proper needle, feet, and tension make sewing with decorative threads a breeze. Unleash the possibilities of thread as you discover which to use in the sewing machine needle and which to use with a foot. Learn the basics of using thread for embellishment while creating the **Mini Eloquence Handbag**. Create fabric from organza that sparkles with character! You can relax when you know the proper techniques. Sew crooked or straight. It's an adventure the easy way to make a one-of-a-kind handbag that's great for the holidays. Couching, corded piping, and a hanging zipper pocket are just a few of the techniques.
