

# 116TA: Make Way for AnglePlay™

## The Magic Four-Patch Unit

Margaret Miller  
www.millerquilts.com

### Description

In this workshop students will learn to cut with the AnglePlay™ templates, including cutting half-size and pieced triangles. They will make a number of four patch units using only 2 pieced rectangles and one pieced triangle, for a huge variety of block possibilities. Different students will have different "assignments," so students will see a lot of block variations during the course of the workshop. Bringing a camera to record such variations is strongly recommended.

### Student Skill Level

All levels welcome, though basic rotary cutting and machine piecing skills are required.

### Student Supply List

- AnglePlay™ Blocks book
- AnglePlay™ templates, Set One (or students may make templates A, B, C, and D using the diagrams in back of book before class)  
**NOTE:** There will be a few templates available for students to work with in the workshop, if they would like to do so before purchasing their own set.
- Sewing machine in good working condition, cords, extra needles
- Straight Pins (thin ones)
- Rotary cutting supplies
  - cutter with sharp blades, spare blades
  - cutting mats (at least 11 x 17" in size)
  - 6" square ruler
- Design wall ("fuzzy" surface), wide masking tape to adhere it
- Fabrics: half yard pieces of five different values (lt, lt-med, med, dk-med and dark). Fabrics should be one main color family, but have at least one accent color (or, 1-2 prints that bring in an accent color)
- Optional: chair cushion to raise you to a comfortable sewing height
