Materials kits may be available for purchase ahead of class on Trish's website. There will also be exact colors posted for the project as well.

There may be some pre-class preparation that can be done to maximize use of class time. This information will also be available on Trish's website.

Love the look of Angelina but don't have a clue what to do with it? Have you ever tried the Microfine Glitter as an accent? Create visual texture with Angelina and use Ultrafine glitter to mimic beadwork, create depth and add accents and shimmer to your fabric.
