This class features live video projection allowing every student a front row seat!! The full-day format should provide ample time to become very familiar with the beading techniques introduced in class and to complete this project.

Supply List:

- * sharp scissors for detail cutting
- * black fine line permanent pen
- * small shallow dish, plate, or saucer for the beads
- * 2 straight pins
- * Ott light and extension cord - optional. You may end up dragging it with you only to find it's not possible to plug in due to the room setup. I always request a bright classroom and when we're lucky....it's available!

Kit fee required - \$15.00 (contains everything you need: precut fabric, stabilizer, beads, mirrors, needle, & beading thread)

Instructor will have her books and additional beading supplies in class for purchase.
