

322PM: Watercolor Flowers

Trish Stuart

www.twthreads.com

Kit fee \$8 for use of instructor's Refill ink supplies and use of instructor's Fabrico dual tip marker pens.

Materials kits may be available for purchase ahead of class on Trish's website. There will also be exact colors posted for the project as well.

There may be some pre-class preparation that can be done to maximize use of class time. This information will also be available on Trish's website.

The soft, romantic look of watercolor is especially pretty when you have control over where the colors go. You'll use stamp refill ink that is created specifically for use on fabric so it is thicker, providing you with more control. Once heat set, the image is permanent. The soft drape of your fabric is maintained and you create an image of beautiful watercolor flowers in a vase that can be used as a wall art or as a center medallion on a future quilt.

Supplies

- *QuiltArt: Coloring your Quilt* book
- Freezer paper for a work area
- Flat watercolor shader brush, size 5 or 6
- Travel package wet wipes
- 7-8 paper towels
- Container for water
- Spray/mist bottle
- 3 bullet tip and 3 brush tip Fantastix
- Pencil
- Fat quarter of a medium to pale 100% cotton with a soft blotch or blur to it. Please see website for samples of appropriate fabrics (I prefer to use batik as the fabric is a high thread count).
- Painters grade masking tape (the blue one)

Please refer to website www.twthreads.com to see project and recommendations for supply sources.
