

INTRODUCTION TO KALEIDOSCOPE PATCHWORK Full Day Workshop

Student's Supply List: Notepad and pen, scissors and/or rotary cutter and mat, portable sewing machine and extension cord. Instructor will provide colored pencils, worksheets and grids.

Fabric: Bring fat quarters or 1/2-yard lengths of 16 or more fabrics. Select fabrics with personality in at least four-color families you find pleasing together. Some prints can have strong designs, others may have subtle patterns. Have some solids that blend & some that provide contrast. Vary tones and shades in each color family (all fabrics do not have to coordinate). Have a few light fabrics, but mostly medium and dark fabrics in each color family.
